

KSB Delta Compact – Variable Speed Pressure Booster System

KSB Delta Compact two-pump system

Applications:

- Drinking water supply for residential and office buildings
- Irrigation/spray irrigation
- Rainwater harvesting
- Service water supply systems in trade and industry

KSB Delta Compact
Single-pump system

KSB Delta Compact – Variable Speed

Pressure Booster System

- **Energy-efficient**
Energy-efficient operation and constant pressure ensured by speed control of all pumps
- **Drinking water**
Suitable for use in drinking water applications
- **Straightforward commissioning**
Plug-and-play design
- **Space-saving**
Very compact design
- **Corrosion-resistant**
Powder-coated materials and stainless steel
- **Operating reliability**
Integral dry running protection

Technical data

Flow rate	Up to 18 m³/h / 5 l/s
Head	Up to 57 m
Fluid temperature	Up to +40 °C
Operating pressure	Up to 10 bar

Pump characteristic curves
