

Track everything with Connect

THE NEW APP FROM DURA PUMP

One app managing your entire pump needs

Dura Pump Connect has been specifically designed to be your one go-to place where you can manage everything on your account. Track anything quickly and easily, from invoices and quotes, to your repair and service history, even while you're on the move!

List all your assets in one place

You can now view all your assets, and all information specific to each one, simply by logging in.

- Keep track of all the different systems you use at one time, whether it's booster sets, pump stations, heating and chiller pumps or pressurisation sets and pressure vessels.
- Group your assets per site.

Keep up with your service and repair

We understand how difficult it is to keep up with maintenance, but it is vital, so we've made it easy!

- Access all service and repair reports, organised with each corresponding asset, so you remain compliant.
- Track the progress of your repair or service history.
- Request a repair or a service online.

Stress-free invoice management

We've put an end to the often daunting and stressful task of managing your invoices.

- Access and view your outstanding invoices.
- Download copies of all your invoices to keep for your own records.

Email mail@durapump.co.uk for more details

Instantly access your job report history

You can easily refer to past and present jobs whenever you need to, all recorded and saved with the app.

- Access and view your complete job reports history.
- Download copies of all your job reports to keep for your own records.

Call 01604 648 800 to request a demo today!

QUOTES

Review and approve pending quotes

Often new quotes fall down the priority list, delayed by urgent demands, even when the new work is essential.

- Access and view outstanding quotes for repairs on your systems.
- Approve quotes and start the process.

ACCESSIBILITY

Access everything without a hitch!

Fit all this around your busy and unpredictable schedule, by logging in whenever and wherever works for you!

- Access all these features 24/7 so you can fit it around your busy schedule, or even when you're on the move!
- Add multiple users and control their level of accessibility, allowing you to keep chosen documents private.
